OHIO.

CINCINNATI, Nov. 8.—There is great excitement in Darke county over acts of violence recently committed upon a number of residents of that county. Some months ago a man named Green was murdered beside his wife at Palestine by a band of Regulators. Afterward a man named A. Naikenbush was ordered to leave and did so. On the 8th of June last a band of 30 men went to the house of Steve White, colored and kidnapped his son William, whom they took to Winchester, where he was convicted of grand larceny and sentenced to one year in the penitentiary. He afterwards secured a new trial. At once the elder white received a notice from the Regulators to leave the county. Not heeding the notice, he was shot dead in his house by a large body of mounted men. The grand jury found a true bill against Jno. Archie, William Shumate, Albert Dickey, Solomon Ferguson, Oliver Morgan and Robert Hart for kidnapping White. Yesterday Marshall Shaffer procured assistance and arrested the entire party. Wm. Shumate is worth \$50,000.

Since the killing of White ten prominent citizens have received orders from the Regulators to leave the county under penalty of death. Mr. Putnam, a colored lawyer of Palestine, received such notice, and fearing his life in danger immediately left.

NEW YORK.

NEW YORK, Nov. 8.—Johnson's jewelry store on 8th avenue, between 55th and 56th streets, was robbed last evening of \$2,000 worth of clocks and watches in the presence of a large number of passers-by. Shortly after 6 o'clock two men entered the store and one closed the door, while the other kept in their places with a revolver. Mr. Johnson, the proprietor, his clerk and a customer, while two others smashed the large plate windows and packed in two bags the stock exposed. While thus occupied two others armed with pistols ordered the passers-by to move on. The property having been packed up the thieves, still protected by their companions, moved quickly to a butcher's cart which was in waiting at the corner and drove rapidly away. The two who had kept possession of the store, receiving a preconcerted signal, turned on the throng and fired their pistols in the air. A stampede of the people followed, and the thieves made their escape.

Mrs. A. T. Stewart has offered a reward of \$25,000 for the recovery of the body of her late husband, which was stolen from the family vault in St. Mark's Church graveyard, and the conviction of the thieves. A proportional sum will be paid for the recovery of the body.

SOUTH CAROLINA.

CHARLESTON, Nov. 8.—Governor Hampton, with some friends, was hunting deer near Columbia yesterday afternoon when the mule he was riding became frightened, and the bridge breaking, Governor Hampton leaped from the saddle, sustaining severe injuries in his fall. His right leg was broken in two below the knee, the bones protruding, and his ankle was badly hurt. He was brought to Columbia late last night. His injuries will probably keep him confined to his bed for a long time.

WASHINGTON.

WASHINGTON, Nov. 8.—The Cabinet to-day discussed the subjects to be embodied in the forthcoming reports of the Executive departments.

MINOR DISPATCHES.

LONDON, Nov. 8.—Another American award at the Paris Exhibition not hitherto announced was a gold medal to Lorrillard & Co. for manufactured tobacco.

PROVIDENCE, Nov. 8.—A. W. Bache, of the U. S. Coast Survey, died in Bristol last night.

GREAT BRITAIN.

LONDON, Nov. 8.—The weather is cold and wet. Telegrams from Northern and Eastern Europe announce heavy snow-falls. The Apennines and Black Forest are covered and the Swiss passes are blockaded with snow. In France the rivers are very high, and the Seine threatens inundation.

Kallewig, Miller & Co., commission merchants, 134 Finchurch street, E. C., failed. Their liabilities are \$650,000.

The *Daily News*, in a leading article on the fishery question, concludes as follows: "We wait with interest the publication of Lord Salisbury's dispatch and the statement drawn up by the Canadian Government. But there is no use of trying to disguise the fact that Secretary Ewart's case has some force in it. A right has been bought, and in the natural course of things will be paid for by the United States. Their right of fishing, thus acquired, accrued about two years before the local law was passed and our Commissioners forgot to reserve to the local Legislature the right of making regulations. We fear that the date fixed by the treaty for the payment of the award, November 23d, will be long passed before the American Government is convinced of the error in its condition. The question is one of legal obligation, and it can not be too carefully discussed on both sides. A reluctance to inflict a wrong should be at least as strong as a determination not to submit to one."

THE EAST.

PARIS, Nov. 8.—Count Schouvaloff was one of the passengers on the Russian Imperial yacht *Livadia*, which was swamped and subsequently thrown on the rocks while on the passage from Livadia to Odessa. He, like the Grand Duke Sergius and other passengers, was rescued without injury.

LONDON, Nov. 8.—A special from Paris says the health of the Czar is growing more and more satisfactory and causes great anxiety. Count Schouvaloff has left Livadia for London, the state of the Emperor's health not now permitting a solution to be decided upon concerning the pending political difficulties.

PERTH, Nov. 8.—Count Andrassy presented the budget to delegations yesterday. The expenditure for 1879 is estimated at \$94,751,715 florins, being 3,000,000 florins less than the preceding budget.

INDICATIONS.—For the Middle Atlantic States, clear or partly cloudy weather, winds mostly northwesterly, falling followed by rising temperature and higher pressure. For the South Atlantic and Eastern Gulf States, colder, clear or partly cloudy weather, winds mostly northerly and stationary or higher pressure. For the Western Gulf States, partly cloudy weather, occasional rains, winds mostly southeasterly, stationary or lower temperature and pressure. For Tennessee and the Ohio Valley, clear or partly cloudy weather, northerly winds becoming variable, falling followed by rising temperature and, in western portions, lower pressure.

JUSTICES' COURT.

Justice Allison's court was enlivened yesterday with a bevy of rival water street nymphs, prosecuting each other for profanity, drunkenness, but from the evidence, it appearing that there was nothing in the prosecution and all were discharged.

Justice King had a protracted session at his court yesterday evening, and last night. James Cowan, colored, on the charge of perjury was bound over in the sum of \$500 to the next term of the Criminal Court.

Walter Bean, a black mason, was arraigned on a warrant sworn out by Tom Day, living out in Shieldstown, charging him with stealing a watch from his house. After a lengthy examination the proof was deemed insufficient and the defendant was discharged.

QUERY. "Why will men smoke common tobacco, when they can buy Marburg Bros. 'Seal of North Carolina,' at the same price?" feebly yelled

Additional Election Returns.

The returns from Tuesday's election in the back counties came in slowly. In the Congressional race information received yesterday from Campbell county fixes Judge Hook's majority there at 407, with two districts to hear from, which it is thought will increase it by 100. His official majority in Jefferson is 294. Scott county, with three districts to hear from, gives him 216 majority. Sevier county, with one district to hear from, gives him 783; Union county, with one district to hear from, 326.

LOUDON COUNTY—OFFICIAL.

We are indebted to Sheriff Joe D. Fouts for the complete official returns of Loudon county, with the following results: For Governor—Wright, 636; Marks, 414; Edwards, 11; Wright's majority, 182. Congress—Hicks, 682; Watkins, 426; Hook's majority, 256. Senator—D. F. Harrison, Rep. 618; R. H. Smith, Dem. 388; Jesse Martin, Greenback, 54; Harrison's majority, 230. Representative—J. T. Shipley, Rep. 704; W. B. Samples, Dem. 413; Shipley's majority, 291.

ROANE COUNTY.

According to the figuring of the Roane county *Herald* the vote of Roane county was as follows:

For Governor, Wright, 750; Marks, 580. Congress, Hook, 743; Watkins, 625; Hook's majority 118. Representative, Shipley, 581; Egger, 500; West, 214; Short, 55; W. C. Shelley's, Rep. majority 81. R. K. Byrd, Dem. for Senate, 904—no opposition. Edwards received 2 votes for Governor; Kirby 4 for Congress.

CLAY COUNTY.

MARYVILLE, TENN., Nov. 8.

MR. EDITOR: We are yet in painful suspense over our Representative race. Happy Valley still to hear from. Word came to town yesterday that a man had started and got on this side of the mountain with the returns and an ox team. Anxious individuals could be seen until a late hour last night on streets, looking for the approaching ox team and the returns, but at last accounts he had not arrived.

Without that voting place the vote of the county stands: Wright, 681; Marks, 758; Edwards, 1; Wright's majority, 224; Hook, 959; Watkins, 794; Kirby, 4; Hook's majority over both, 165; Driskill 999; Dean, 691; Driskill's majority, 313; Rowan, 870; Brickett, 854; Scott, Rowan over Brickett, 16.

The same report that said the ox team was coming with the vote of Happy Valley, also said that an election had been held there, that 24 votes were polled, of these Brickett got 22, and Rowan 2, which would elect Brickett by 4 votes.

A Democratic victory, if true, simply by Republicans sleeping on their ears.

Georgia Not Together Sold.

A correspondent, J. H. Odgen, writing us from Rome, Ga., under date of the 6th, says of the Congressional race in the 9th district of that State, "Felton's majority over Lester, Democrat, is 1,800 as near as we can tell. Felton is as good a Republican as ever came along."

MUNICIPAL AFFAIRS.

Proceedings of the City Council Last Night.

The Board met at the usual hour last night, Mayor Luttrell presiding, and the following Aldermen present: McClung, Williams, McCaffry, Shea, Sullivan, Stephenson, Patty, Bird, Allison, Harris, Fields, Irvin, Smith and Cruze.

The minutes were read and approved.

The following bills were presented by Alderman McClung, chairman of the Finance Committee, and passed for payment:

Green & Powell.....\$199.10
S. B. Luttrell..... 98.29
Jas. O. Conner and T. Holliman. 33.50
S. T. Post & Son..... 11.00
Joseph Wood..... 29.00
Cowan, McClung & Co..... 10.00
Robert E. Z..... 5.60

Alderman McCaffry, chairman of the Street Committee, reported adversely on the laying of the curbing asked for by P. W. Ashe, on Park street.

Alderman Williams, chairman of the Gas Committee, presented the bills of the Knoxville Gas Light Company, which are: For September, \$265.07; for October \$256.57; also \$3.50 for erecting a lamp on Gay street, corner of Reservoir. With the exception of what is considered an overcharge in the October bill of gas burned in the market house, amounting to \$13, the bills were ordered paid.

Alderman Harris presented a petition from several citizens asking for 100 feet of curbing between William and King streets. On motion it was ordered laid.

On motion of Alderman Harris 150 feet of curbing was ordered laid around the property of P. W. Ashe, on Park street.

Alderman Allison, by request offered an ordinance looking to the reduction of the tax on billiard tables from \$25 to \$10. No action taken.

Alderman Shea presented the report of the committee to investigate as to the discharge by the Board of Education of J. J. O'Shea as principal of the colored public school. He reports that an audience was had with the Board of Education, and they found their only reason for requesting Mr. O'Shea's resignation, was that he was unpopular with some of the colored people, and the attendance was smaller than last year; that he had been entirely exonerated from the charges against him; that he is altogether competent, and they recommended a disapproval of the action of the Board of Education in the premises. All the committee, he said, agree to the main facts, but only he (Mr. Shea) and Stephenson agree to the recommendation, while Aldermen McClung, Fields and Cruze dissent to the recommendation.

Alderman McClung showed that the City Council has no authority, whatever, in the premises, according to the ordinance referred to.

Alderman Allison and Williams spoke in favor of adopting the minority report disapproving the action of the Board of Education.

Alderman Irvin and Fields objected, and urged that Mr. O'Shea ought to be removed.

Alderman Shea thought this Board ought to disapprove this action, and went on to explain the matter, saying that he was satisfied the whole thing grew out of O'Shea being a Catholic, and this was the cause of the prejudice.

Alderman Smith favored the minority report, recommending the disapproval of the action of the Board of Education, and the vote being taken this minority report was adopted.

On motion it was ordered that the Mayor appoint a committee of five, with Alderman Williams chairman, to confer with the Board of Trustees of the University with reference to a compromise or liquidation of the city's indebtedness to that institution. The committee will be announced hereafter.

BRENNAN & CO. KENTUCKY GRAIN DRILL

This Drill will work in lands where other Drills will fail. The only Drill that will not choke or clog in FILTHY LAND—of less draft than any other—requires but one man and two horses. We believe this will work as great a revolution in Grain Drills as the Oliver Chilled Plow has among other Plows. Send for Circulars and Prices.
